

# FreshTaste™ Juice Powder

We offer a variety of juice powders, such as lemon, lime, pineapple and orange. We use the highest quality of cold pressed lemon, lime and orange oil. By using cold-pressed juice oils, we have boosted the natural fresh flavor, which also produces an economical product that you can label as “made with real lemon, lime and/or orange.”

FreshTaste™ powder uses corn syrup or maltodextrin as a carrier. This allows the carrier to act as a medium to “fix” or carry the ingredients in a way that they can be dried. Our products have NO preservatives and are approved by the Kashruth Division of the Union of Orthodox Jewish Congregations of America.

## Why FreshTaste™ Juice Powders?

- Using FreshTaste™ on corn syrup or maltodextrin in your application will produce a “clean label”
- You also can use the phrases such as “no preservatives added” and/or “made with real lemon, lime or orange juice”
- Since our products are powder, it is easier to measure accurately than a liquid for batch processing
- Our products require no special handling or storage conditions, other than keeping it dry prior to use
- Our dry products also ensure better and more consistent product quality, rather than using fresh fruit

## Products Available and Description:

### FreshTaste™ Lemon

- **#1011, #1012, #1014, #1052IP non-gmo Lemon Juice Powder** – Lemon juice on a spray-dried mixture of corn syrup, lemon juice and lemon oil
- **#1022 Lemon Juice Powder** – This product is similar to our regular lemon juice powder, however, no lemon oil is added. Can be used as a citric acid replacer. It also increased the “juicy” notes on lemon if desired
- **#1100, #1150IP non-gmo Lemon Juice** – 1012 lemon juice spray-dried on a maltodextrin carrier

### FreshTaste™ Lime

- **#1032 Lime Juice Powder** – Lime juice spray-dried on a corn syrup carrier. Added lime oil
- **#1042 Lime Juice Powder** – Higher juice solids compared to 1032 on a corn syrup carrier. Added lime oil
- **#1200, #1250IP non-gmo Lime Juice Powder** – Same as 1032, but on a maltodextrin carrier. Dissolved instantly in water. Added lime oil
